Amvet Activities

"To keep the public forever reminded that the veteran of World War II fought and served to preserve peace, liberty and democracy for the nation."

This is item 11 of Section 2 of Article 1, of the Amvet constitution and By-laws as adopted by the Five Point Post, and also that of our National Organizational constitution.

Thus again, we chose "The Flag Raising at Iwo Jima" as the theme of our float for competition at the Tinley Park Fall festival.

In so choosing this we did not aim to remind our communities of the horrors of war, but rather to have them be inspired to a sense of responsibility, and to develop and support leadership to help unify divergent groups in the over-all interest of American democracy, to remind us all to train our youth to become purposeful citizens in a democracy with full knowledge of the responsibilities as well as the privileges of our American citizenship.

We are very much honored by the judges decision to award our entry in the "patriotic group" the first prize. We are also grateful to the public for their many prized comments.

Our greatest satisfaction, however, came from being able to join in with other veteran organizations, and find that the companionship we felt during the war years, is still in existence.

The men portraying this memorable victory, were all members of our Post and included, Ed. Carroll, Tom Everhart, Jim Koopman, Jack Tomaska, and Don Guendling.

The next meeting of Amvets Post 183 will be held this evening, September 11 at 8 o'clock. At this time we will be shown colored films of the Mokena Homecoming parade.—Marion N. Pfaff, adjutant.

Mammoth Parade Sunday, Donald Blanchard, Tug of War, Rides, Games etc.

SCHOOL BONDS TO BE SOLD OCTOBER 8

At the last regular meeting of the Board of Education for District 210, a resolution was adopted providing for the terms and conditions for selling the \$1,200,000 bond issue. The voters approved these bonds at the special election held last June 30. The income from the sale of the bonds will be used as the construction of the new high school building proceeds.

According to the tentative estimates of the architects, the various expenditures will be broken down as follows:
Purchase of the site \$ 28,000
Improvements to site, grading, sewerage, water 30,000
Permanent equipment 49,000
General Building 1,057,687
Contingencies and Educational Equipment 35,313
Total \$1,200,000

Provisions in the resolution adopted by the Board of Education, specified that the bonds would be awarded to the responsible bidder on the basis of the lowest interest cost to the school district. No bid will be considered for less than par or bearing an interest rate greater than 3% per annum.

Each bidder must file a certified check with the school treasurer in the sum of ten thousand dollars as a guarantee of good faith and as security for the performance of their bid. The bonds will be offered at auction bidding. Bidders not present or participating in the auction may file a written proposal. At the completion of the auction bidding the written and sealed bids will be opened. No further oral bids will then be accepted.

The award will be made at a meeting of the Board of Education to be held immediately following the auction.

The sale and meeting will be held in the Haven elementary school in New Lenox, starting at 8 o'clock.

Geo. Folkers Now At Basil University

George Folkers, son of Attorney and Mrs. Folkers of Frankfort, sailed August 24 on the Queen Mary for Basil, Switzerland. He had previously studied at this university for two years. He has now gone to Basil on two scholarships, one from the Swiss American Society, and the other from the University of Basil.

George is in Basil at this time and will continue working for his Ph.D. in language specializing in German. He hopes to teach in the universities.

George's brother, Frank, is serving with the army in Germany. Frank tried to contact George by telephone while George was en route on the Queen Mary, but static was too great and contact could not be made. Frank was in Germany on maneuvers at the time, and it was his hope to arrange a meeting with George. Frank has been in Germany since last March.

PETER MCCARTHY SHOWS GOOD WORK IN ANNUAL REPORT

Peter H. McCarthy has given his report for the Morning Star mission in Joliet at the closing of the 42nd year. It shows that "Brother Pete" never lays down on the job and is still active, keeping up the good work.

For the year there were 407 conversions; 5484 free meals; 2405 free beds service; 1034 persons received free clothing; 110 families received relief; bus and railroad fare were paid for 562 persons and 794 dozen of donuts were given to children.

Frankfort is now all set for the big homecoming festival which will get underway this evening, September 18, at 6:30 p.m. The festival will continue thru Friday, Saturday and Sunday, coming to a grand climax Sunday night. It will be held on Kansas street, the main street in Frankfort.

The Homecoming will begin at 6:30 p.m. tonight and Friday, and at 2:00 o'clock in the afternoon Saturday. The festival will resume at 2:30 p.m. Sunday, with a mammoth parade which will include the famous Joliet Township National Championship high school band, beautiful and interesting floats prepared by business men and civic organizations fire fighting equipment and marching units from Frankfort and surrounding areas.

Thursday evening pupils of the Hauser School of Dancing, of Joliet, will give a performance on a temporary stage, where all the performances will be given. Another performance by the same pupils will be given Saturday evening, when an added feature will be a soloist.

On Friday evening the Garretto Twin Accordion Band will play. This band has frequently appeared on the Morris B. Sachs Hour, and offers something unusual and striking in the way of harmony. The Little Dutch band will play every night during the festival.

One of the main attractions of the Homecoming will be that master quipster and entertainer, of WLS Barn Dance fame, Donald "Red" Blanchard. Donald, who is known throughout the country as a topnotch comedian, will entertain Sunday afternoon at 4:30 and again in the evening at 9:00 o'clock. This is a feature nobody will want to miss.

Blanchard is a most versatile entertainer, playing bass fiddle, guitar, electric guitar and numerous novelty instruments. So popular is this former farm boy in home town of Pittsfield, Wis., that he was officially appointed Honorary Mayor and Honorary Fire Chief of that little city during special ceremonies when his many friends turned out for "Red Blanchard Day". Jack Benny once said of Blanchard "he's the most natural Comedian I've ever seen."

After the parade Sunday afternoon, which is expected to last an hour, a tug-of-war will be staged between Frankfort city folks and Frankfort country folks. When the question of brawn has been settled one way or another, the winners will face the challenge of the Wilton Center strongmen, toughies who know how to pull. The battle between Frankfort and Wilton Center is scheduled to take place at (Continued to back page)

CONTEST TO NAME NEW HIGH SCHOOL

Many interested citizens and board members in Community High school district 210 have suggested that a contest be held in order to select an appropriate name for the new school. Since the district was organized about a year ago, it has been referred to only by number.

In order to secure a large number of names, the board of education would like to hear from the people in the district or other interested parties. Students living in the area are especially urged to submit names. Contestants are welcome to give reasons why their selections should be selected. This is important in case more than one contestant presents the same name.

A committee will be appointed by the Board of Education to make the final selection from the list received. The person chosen as the winner will be recognized in some fitting manner when the new building is eventually dedicated.

Any person can list as many names as desired, and they should be mailed to Supt. A. Hunter Chapman, New Lenox, Ill. Elementary pupils can hand in their selections to their respective teachers or principals.

New Lenox PTA

A pleasant evening was spent Tuesday, September 9 in the Haven school auditorium. It was a PTA meeting. After community singing, more chairs were set up for the unexpected membership which was a grand feeling for our president, Bill Heidrick and his board.

It has become a custom in recent years to have the Home makers and 4-H girls preside at the first PTA meeting. It was delightful to see the "Girls on Parade" with their accomplishments. Mrs. Neomi Hamilton and Mrs. Esther Ratson conducted the program and introduced the girls.

During the business meeting it was decided to have a Family Fair this fall. Another item of interest was the motion to collect from each child in school \$1 to cover the cost of the various school parties and the refreshments for the room hostesses at PTA meetings. This would eliminate any future collections during the school year. In prior years the children were asked to bring 75c to cover the parties and during the year the room mothers were asked to collect additional amounts for the PTA meetings.

Our Program chairman, Fred Feil, left us with a great feeling of curiosity when he announced the next meeting as a "Secret Meeting" with a "Surprise Package". I'm sure no one will want to miss this.

We missed you at the last meeting, please try to attend the next one.—Dorothy Heimerding, publicity.

Personal Property Assessments Increase \$81 Million This Yr.

(CNS) Cook county's personal property assessment has been increased nearly 81 million dollars over last year's figure, according to County Assessor John S. Clark. This represents a 5.3 percent increase over the 1951 figure.

"The increase is caused by continued industrial expansion," said Clark. "Larger inventories and additional industrial machinery and equipment have been reported in many cases for Chicago and county factories."

The new assessment is \$1,565,785,852 and compares with the \$1,484,861,988 figure of 1951. Chicago's current evaluation is \$1,266,371,697 as against the 1951 total of \$1,206,398,139.

The greatest increases were shown in the Chicago townships of West and Lake. These areas contain the large industrial areas on the west and southwest sides. West township's increase is \$25,509,847, while Lake's assessment is increased by \$16,734,493.

Seven suburban townships showed increases of more than one million dollars. They are

MCCORMICK NO. 24 CORN PICKER

First things most farmers notice about the McCormick No. 24 2-row Corn Picker (for Farmalls H and M) are its trim design and low-cut appearance. First thing they usually say is "Must be a fast worker in the field." Right they are!

Yes, the No. 24 is really speedy in the cornfield. It picks up to 3 acres an hour. And it's been designed to cut mounting and dismounting time to the bone. Just 15 minutes for each. No lifting to attach or detach. Get full details on this stand-out among tractor-mounted, 2-row corn pickers from us now.

Snip 'N Snack 4-H

The most thrilling tour the Green Garden Snip 'N Snack 4H club took this year was the two day trip to the Illinois State Fair and Lincoln's Memorials around Springfield. About 34 members, mothers and the leader made the trip.

At the Fair they were requested to attend the afternoon program in the Junior Home Economics building, where they saw three food demonstrations and a fashion show of 90 dresses. They visited buildings of their choice connected with their projects until evening when they toured the fair as they pleased being in by 9 o'clock.

The next day they toured Lincoln's home and the State capitol where a guide took them through the interesting places.

They walked through the tunnel to the Illinois Museum. They drove to the beautiful Lincoln's tomb in Oak Ridge cemetery, which they felt to be a holy place. They also drove to New Salem Park and enjoyed dinner at the Wagon Wheel Inn. At 4:00 o'clock they boarded the bus for home, happy but tired and sorry the tour had ended.—Carol Ullrich, club reporter.

Where A-C Subsoilers ADD EXTRA ACRES

Low, waterlogged areas in fields are too often unproductive, even where rainfall is comparatively light. Excessive water remains in these spots long after the shower.

Now Allis-Chalmers Subsoilers may help solve this problem. Just go round and round above the "pot-hole" ... breaking up the subsoil so that more water will penetrate before it collects in the low place. Next, chisel right through the low area.

Hydraulically controlled, the WD Subsoiler penetrates to 18-inches, the CA to 14-inches ... breaking hardpan below the reach of a plow.

Let us show you how the new Allis-Chalmers Subsoilers can make more of your land more productive.

CARD OF THANKS

We wish to extend our grateful thanks to all friends and relatives for their kindness shown us during the illness and death of our husband and father, George Bisgrove; also our thanks to Rev. William Riemann, members of the Matteson A. F. of A. M. Masonic lodge; to Oliver Kiesler, soloist and Mrs. Donald Maue, organist for their service; to those who sent lovely floral offerings and cards.

MRS. GEORGE BISGROVE and FAMILY

Mrs. Margaret M. Semmler and brother Theo. Oestreich of Joliet drove to Savanna Saturday to spend the week end with their niece, Mr. and Mrs. Ed. Bimm and family.

Rev. and Mrs. Riemann attended the 100th anniversary service of Immanuel E. & R. church, Hanover township, near Elgin last Sunday afternoon. Mrs. Riemann's father was the pastor of this church for 15 years. Returning with them from this celebration were Rev. and Mrs. Walter Meyer and family of Imman. Kansas. After a short visit they departed Monday for their home in Kansas.

The church council of St. John's church has completed plans for the celebration of the 90th anniversary of the founding of the church Sunday, November 2nd. The Women's Guild will serve the annual turkey supper on October 8th. Sunday school promotion will be September 28 and rally day October 5 when the new Sunday school year begins.

When Ralph Yunker returned to his station in Memphis, Tenn. after spending Labor Day at home with his parents, Mr. and Mrs. Walter Yunker, he wrote telling of meeting Milton Berle on the train. Ralph was quite thrilled and thinks Milton Berle is a fine person.

Mrs. Walter Schoeneck underwent surgery Wednesday at the Jackson Park hospital in Chicago.

Irvin Holm returned Sunday from a week's fishing trip to Little Big River, Remer's, Minn. He was accompanied by his uncle Fred Sievert and the latter's nephew, Raydean Helmbacher of Shumway. They stated fishing was not too good, but were able to bring home some excellent specimens.

Evelyn, daughter of Rev. and Mrs. Karl Meyer of Chicago and niece of Rev. and Mrs. William Riemann, was united in marriage to Edward R. Goltz, Jr., in the Grace Evangelical church, 6th and Albany avenue, Chicago, September 6 at 4 o'clock. The Riemann's attended the service. The couple will continue their studies at the Elmhurst college where the groom is a senior.

Leigh Kropp completed four years in the service with the air force where he was in the photographer's division. He returned to the Kropp's summer home at Bass lake, Ind., August 7 and to Mokena with the family last Thursday. Leigh will start work with the Globe Oil company at Lockport next Monday. Last Sunday Mr. and Mrs. Roy Kropp and sons were dinner guests of Mr. and Mrs. Arthur Kreis and family in Joliet. This was a wel-

come home for Leigh and a going away for David.

David Kropp who was graduated from the Joliet Junior college in June has entered the Architectural School of Design of the Illinois Institute of Technology in Chicago. This was formerly the Bauschule of Berlin, a builders school brought to this country in 1946 and the Armor Institute incorporated it in their school at that time. Tuesday evening a reception was held at the school for the new students and their parents, which Mr. and Mrs. Roy Kropp attended with David.

Mr. and Mrs. Clarence Breitbarth observed their 17th wedding anniversary by going out for dinner Tuesday evening.

They all grew up in overalls!

Like most good farmers, International Trucks come from good farm stock. The way they work proves it.

Take this new International L-160 for example. It costs less to run, requires fewer repairs because it's built to take years of punishing field work as well as road work.

We'd like to show you what it can do on your farm—to save you work and save you money. How about a free demonstration?

Before you buy any truck, let us give you a list of farmers in this area who have recently bought new Internationals like the one you're interested in. Check with them. Find out how Internationals cut hauling costs on jobs like yours.

International L-160 series offers GVW ratings from 14,000 to 16,500 pounds, a wide variety of body styles for every farm hauling job.

MAMMOTH PARADE—

(Continued from front page)

7:00 p.m., allowing plenty of time between matches for the Frankfort winning team to rest. A girl for the pull with Wilton Center. Everybody is

talking about this coming tug-of-war, which promises to be an exciting sight for watchers on the sidelines.

At 7:00 o'clock Sunday evening there will be a concert by the Joliet Township High school national championship band. That

is a long title, but the band has earned it by walking off with award after award, time after time. Now they are tops in their field. Here is everybody's chance to see and hear this truly wonderful band.

A special tent has been set up for the exhibition of specimen fruits, vegetables and grain. Ribbons will be awarded to all exhibitors who come up with something that excels in their line. Nature is always trying to go itself one better, and here is the gardener's and the farmer's chance to show off what he has done with seed and soil. Mrs. Marian Bell is chairman of this special feature of the Homecoming.

The food stand will be operated by the Women's club and members of the PTA. Here hungry merry-makers can regale their jaded appetites on favorite picnic food.

The ice cream booth will be "manned" by the Auxiliary of the Bobzin-Swinford American Legion post.

At the homecoming there will be various games including some for the children. Then, there will be all kinds of rides, from the traditional merry-go-round which was popular in grandmother's day to the modern whirligigs that send a tingle racing down the spine. A ferris wheel, too, will add to the carnival spirit. Game booths will be run by the Legionnaires, firemen and Lions.

The purpose behind the homecoming is to raise additional funds for the further improvement of the public park in Frankfort, which was started a year ago as a community project. This park which is to be dedicated next summer, was started as a joint project of the Frankfort Lions, American Legion members, Veterans of Foreign Wars, volunteer firemen, club women and other public-spirited groups.

Everybody in this area is cordially invited to come to the Homecoming at Frankfort. The weather at this season of the year is generally ideal, in fact, the year's very finest, and those who come can be assured of a very enjoyable time. There will be something doing every minute—the Frankfort Homecoming committee planned it that way.

The Homecoming will be in full swing Thursday and Friday evening of this week, and Saturday afternoon and evening, and Sunday afternoon and evening. It's your big chance for a wonderful time. Don't miss it! And bring your family and friends.

Judge Balaz Has Big Day On Creek

Luck came to Judge John Balaz of Mokena last Sunday, on Hickory creek. While fishing in the creek's now rather shallow waters west of Wolf road, he caught a 10-pound fish that was such a scrapper that it took the Judge 30 minutes to land him. Another fish caught by Judge Balaz that afternoon tipped the scale at five pounds, but the Judge did not quit until he had added to his string a two-pound black bass and a two-pound bullhead. He was seen by several people walking back to Mokena loaded down with his catch.

As it has been reported that the Judge gave the 10-pound fish to a neighbor, some people have wondered whether it might have been a carp. There has also been some speculation as to the particular specie of that 5-pounder the Judge landed that Sunday afternoon.

Many at Luncheon Of Republican Rural Women in Chicago

Mrs. Margaret Semmler, publisher, was the guest September 4 of Alice Greenacre, Republican committeewoman for Palos Park and Lester Mahaffy, Republican committeeman, at a luncheon given at the Edgewater Beach hotel for the Cook County Rural Republican organization.

The Palos group went in a bus Mrs. Semmler having joined them in Palos.

About 1,000 people attended the luncheon.

The program was in charge of Mrs. Albert A. Stewart, chairman for the organization, who said it is the women's responsi-

bility to save the Republic, and this can only be done by hard work and by forgetting personalities and differences. We must unite in this great effort.

Mrs. Dickson, national Republican committeewoman of Illinois said we need a house-cleaning in the state and nation, and pointed out that in 1948, 66 per cent of the people of Illinois and 50 per cent throughout the nation voted Now, in order to win there must be 85 per cent vote this year.

Mrs. Dickson said somebody asked what Stevenson was for and he replied that he was for what Truman was for. She went on to say that since Stevenson has been in office he has spent 7½ billion dollars more than any of his predecessors as governor of Illinois.

It has been stated that Stevenson had made some poor appointments, and how these appointees had accepted bribes in the horse meat racket. Stevenson was quoted as saying he should not be held accountable for the acts of his appointees.

With regard to Gov. Stevenson saying he had reduced payrolls, Secretary of State Stratton said that he has the books and he knows what is on the record, and that statement of Stevenson's is not true. He stated that if he is elected governor he will understand what his responsibility is and will see to it that he makes good appointments and will be responsible for the acts of his appointees, as every good governor should. Also, he will keep the costs to the state within the bounds of reason. He said that when Stevenson took office there was a \$160,000 surplus left by the Republicans but the state is now running in the red.

Next week we will publish the speech as given by Senator Dirksen, which was the keynote address of the program.
